

Blind  
FOX

The image features the words "Blind FOX" in a highly ornate, golden, gothic-style font. The letter "B" is particularly large and decorative, with elaborate flourishes extending from its top and bottom. The word "FOX" is positioned directly below "Blind". A small, realistic flame is placed atop the dot of the lowercase letter "i" in "Blind". The entire composition is set against a solid black background, which makes the golden text stand out prominently.
